

AYIMEN HUSSIEN

(206) 637 9471 ◇ Seattle, WA
ayimentg@gmail.com ◇ [My Website](#)

OBJECTIVE

Sophomore in University, seeking internship roles

EDUCATION

Bachelors in Computer Science , Seattle University	Expected Spring 2026
Relevant Coursework: Data Structures and Algorithms	
DTA Associates in Computer Science , Highline College	Sep 2020 - Aug 2022
Relevant Coursework: Java I-II, Intro to Python, and Web Development II	

EXPERIENCE

Product Development Intern	Jun 2022 - Sep 2022
Floop	<i>Work From Home</i>

- Developed iOS app where education researchers and practitioners can meet
- Utilized Slack and Notion to stay on track with deadlines
- Worked with PMs and fellow interns to gauge my understanding of app expectations

Student Advisor	Oct 2020 - Aug 2021
Rainier Scholars	<i>Seattle, WA</i>

- Cultivated a positive experience for upcoming 6th graders
- Addressed concerns of the students and come up with action plans in addressing those concerns
- Assisted teachers by responding guiding tutoring sessions to questions and grading assignments

PROJECTS

- **Database File Manager** Built a tool to read and write entries from the World Health Organization's Covid tracker. The implementation was done using the Hashtable data structure utilizing Separate Chaining for collision avoidance.
- **Personal Website** Crafted a dynamic personal website using HTML, CSS, and JavaScript, seamlessly integrating interactive elements to showcase my portfolio and skills. Hosted using Github Pages.

EXTRA-CURRICULAR ACTIVITIES

- Member of Black Student Union, African Student Association, and Muslim Student Association at Seattle University
- Rainier Scholars student since 2014, recently offered to TA their introductory Computer Science course

SKILLS

Technical Skills	Proficiency in Java, C++, Python, and JavaScript
Soft Skills	Collaboration, Time Management, Self Awareness, Accountability
Relevant Tools	VS Code, X Code, Slack, Notion
