EDUCATION

Bachelor of Science in Computer Science, Seattle University GPA: 3.55   Expected Spring 2026

Relevant Coursework: Data Structures and Algorithms, Object Oriented Development, Fundamentals of Databases

TECHNICAL SKILLS

- **Programming Languages:** Java, C++, Python, HTML, CSS, JavaScript
- **Software:** Visual Studio Code, XCode, Git, Figma

EXPERIENCE

Product Development Intern   Jun 2022 - Sep 2022

Floop   *Work From Home*

- Developed a comprehensive user interface for the iOS app, integrating Tinder-esque functionality seamlessly
- Revamped carousel swiper tool functionality after marketplace version malfunctioned
- Collaborated with cross-functional teams to prioritize and address critical bugs identified through Jira ticketing system

CS Teaching Assistant   Oct 2023 - Dec 2023

Rainier Scholars   *Seattle, WA*

- Utilized Python to teach basic program functions and concepts to over **50** 8th Grade students
- Provided hands-on coding support for students' individual assignments

PROJECTS

Salah Pro / *React Native*

- Built the full-stack Islamic prayer app, Salah Pro, an all in one solution for Islamic prayer planned to launch on the app store this year
- Utilized AlAdhan's Prayer Times and Qibla Direction API to provide accurate times and proper direction
- Developed with React Native's Expo for optimized cross-platform compatibility

Personal Website / *HTML, CSS, JavaScript*

- Crafted a dynamic personal website, integrating interactive elements such as a technical skills overview and scroll-based visual changes
- Deployed the website on GitHub Pages, leveraging its seamless hosting capabilities, ensuring consistent availability and enabling simplified version control through Git

LEADERSHIP AND PROFESSIONAL DEVELOPMENT

Career Prep Fellow / Management Leadership For Tomorrow   Oct 2023 - Current

- A selective 18-month professional development program for high-achieving diverse talent who complete business case studies and assignments to grow leadership and technical skills

Hacker / Dubhacks   Oct 2023

- Participated in DubHacks T-Mobile Path, utilizing an early access version of T-Mobile's Your Number Anywhere API to integrate calling functionality into a third-party application.

Scholar / Rainier Scholars   Nov 2014 - Current

- Rainier Scholars student since 2014, a rigorous 11-year academic and leadership enrichment program for talented and motivated students of color.
